Payment of principal of the Notes shall be made upon presentation and surrender of such Notes to the Registration Agent as the same shall become due and payable, except in the event the Notes are sold as a single Note with mandatory principal reductions whereby principal on said Notes shall be paid when due without presentation of said Note, except for final payment thereof. All rates of interest specified herein shall be computed on the basis of a three hundred sixty (360) day year composed of twelve (12) months of thirty (30) days each.

(e) The Notes are transferable only by presentation to the Registration Agent by the registered owner, or his legal representative duly authorized in writing, of the registered Note(s) to be transferred with the form of assignment completed in full and signed with the name of the registered owner as it appears upon the face of the Note(s) accompanied by appropriate documentation necessary to prove the legal capacity of any legal representative of the registered owner. Upon receipt of the Note(s) in such form and with such documentation, if any, the Registration Agent shall issue a new Note or the Note to the assignee(s) in \$100,000 denominations, or \$5,000 integral multiples in excess thereof, as requested by the registered owner requesting transfer. The Registration Agent shall not be required to transfer or exchange any Note after notice of redemption has been given. No charge shall be made to any registered owner for the privilege of transferring any Note, provided that any transfer tax relating to such transaction shall be paid by the registered owner requesting transfer. The person in whose name any Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and neither the County nor the Registration Agent shall be affected by any notice to the contrary whether or not any payments due on the Notes shall be overdue. The Notes, upon surrender to the Registration Agent, may, at the option of the registered owner, be exchanged for an equal aggregate principal amount of the Notes of the same maturity in any authorized denomination or denominations.

(f) The Notes shall be executed in such manner as may be prescribed by applicable law, in the name, and on behalf, of the County with the manual or facsimile signature of the Mayor and attested by the manual or facsimile signature of the County Clerk.

(g) The Registration Agent is hereby authorized to authenticate and deliver the Notes to the original purchaser, upon receipt by the County of the proceeds of the sale thereof and to authenticate and deliver Notes in exchange for Notes of the same principal amount delivered for transfer upon receipt of the Note(s) to be transferred in proper form with proper documentation as hereinabove described. The Notes shall not be valid for any purpose unless authenticated by the Registration Agent by the manual signature of an authorized representative thereof on the certificate set forth herein on the Note form.

(h) In case any Note shall become mutilated, or be lost, stolen, or destroyed, the County, in its discretion, shall issue, and the Registration Agent, upon written direction from the County, shall authenticate and deliver, a new Note of like tenor, amount, maturity and date, in exchange and substitution for, and upon the cancellation of, the mutilated Note, or in lieu of and in substitution for such lost, stolen or destroyed Note, or if any such Note shall have matured or shall be about to mature, instead of issuing a substituted Note the County may pay or authorize payment of such Note without surrender thereof. In every case the applicant shall furnish evidence satisfactory to the County and the Registration Agent of the destruction, theft or loss of such Note, and indemnity satisfactory to the County and the Registration Agent; and the County may charge the applicant for the issue of such new Note an amount sufficient to reimburse the County for the expense incurred by it in the issue thereof.

Section 4. Source of Payment. The Notes shall be payable primarily from proceeds derived from the sale of the Bonds, in anticipation of which the Notes are issued. The Notes shall additionally be payable from unlimited ad valorem taxes to be levied on all taxable property within the corporate limits of the County. For the prompt payment of principal of, premium, if any, and interest on the Notes, the full faith and credit of the County are irrevocably pledged.

NOTICE: The signature to this assignment must correspond with the name of the registered owner as it appears on the face of the within Note in every particular, without alteration or enlargement or any change whatsoever.

Section 6. Levy of Tax. The County, through its Governing Body, shall annually levy and collect a tax upon all taxable property within the corporate limits of the County, in addition to all other taxes authorized by law, sufficient to pay principal of, premium, if any, and interest on the Notes when due, and for that purpose there is hereby levied a direct annual tax in such amount as may be found necessary each year to pay principal and interest coming due on the Notes in said year. Principal and interest falling due at any time when there are insufficient funds from this tax levy on hand shall be paid from the current funds of the County and reimbursement therefor shall be made out of the taxes hereby provided to be levied when the same shall have been collected. The tax herein provided may be reduced to the extent of any appropriations from other funds, taxes, revenues or Bond proceeds of the County to the payment of debt service on the Notes.

Section 7. Sale of Notes. The Notes shall be sold by the Mayor at a public, informal bid or privately negotiated sale, as he shall determine, at a price of not less than the par amount of the Notes. The action of the Mayor in selling the Notes and fixing the interest rate on the Notes, so long as the interest rate or rates does not exceed the maximum rate set forth in Section 3(a) above, shall be binding on the County and no further action of the County with respect thereto shall be required. The Mayor is authorized to sell the Notes in one or more emissions, reduce the par amount of the Notes, to adjust the principal and interest payment dates of the Notes, and to change the final maturity date of the Notes to a date earlier than the second anniversary of their issue date. Notwithstanding anything herein to the contrary, the Mayor is also authorized to cause the Notes to be issued in "draw-down" form, and to draw the principal amount thereof as and when needed (i) to finance the costs of the Projects and (ii) to reimburse the County for funds previously expended for such purposes. The form of the Note as set forth in Section 5 hereof shall be modified to reflect any changes as set forth above.

No Notes shall be issued hereunder until after the approval of the State Director of Local Finance shall have been obtained as required by Sections 9-21-501 et seq., Tennessee Code Annotated.

Section 8. Disposition of Bond Proceeds. The proceeds of the sale of the Notes shall be paid to the County Clerk to be deposited with a financial institution regulated by the Federal Deposit Insurance Corporation or similar federal agency in a special fund known as the "2019 Bond Anticipation Note Construction Fund", or such other designated fund name as shall be determined by the Mayor (the "Construction Fund"), to be kept separate and apart from all other funds of the County. The funds in the Construction Fund shall be disbursed solely to pay the costs of the Projects and costs incident to the sale and issuance of the Notes (and to reimburse the County for any funds previously expended for the foregoing). Money in the Construction Fund shall be secured in the manner prescribed by applicable statutes relative to the securing of public or trust funds, if any, or, in the absence of such a statute, by a pledge of readily marketable securities having at all times a market value of not less than the amount in said Construction Fund. Money in the Construction Fund shall be expended only for the purposes authorized by this resolution. Any funds remaining in the Construction Fund, including any interest earnings thereon, after completion of the Projects and the purposes authorized by this resolution and payment of authorized expenses shall be used to pay principal of, premium, if any, and interest on the Notes. Moneys in the Construction Fund shall be invested as directed by the County Clerk in such investments as shall be permitted by applicable law. Earnings on investments in the Construction Fund may either be retained in the Construction Fund and used for the same purposes as all other funds in the Construction Fund or used to pay interest on the Notes, as the Mayor in his discretion shall determine.

Section 9. Arbitrage. The County recognizes that the purchasers and owners of the Notes will have accepted them on, and paid therefor a price that reflects the understanding that interest thereon is excludable from gross income for purposes of federal income taxation under laws in force on the date of delivery of the Notes. In this connection, the County agrees that it shall take no action nor omit to take any action which may cause the interest on any of said Notes to be included in gross income for federal income taxation. It is the reasonable expectation of the Governing Body of the County that the proceeds of the Notes will not be used in a manner which will cause the Notes to be "arbitrage bonds" within the meaning of Section 148 of the Code, and to this end the said proceeds of the Notes and other related funds established for the purposes herein set out shall

be used and spent expeditiously for the purposes described herein. The Governing Body further covenants and represents that in the event it shall be required by Section 148(f) of the Code to pay any investment proceeds of the Notes to the United States government, it will make such payments as and when required by said Section 148(f) and will take such other actions as shall be necessary or permitted to prevent the interest on the Notes from becoming taxable. The Mayor and County Clerk, or either of them, are authorized and directed to make such certifications in this regard in connection with the sale of the Notes as either or both shall deem appropriate, and such certifications shall constitute a representation and certification of the County.

Section 10. Resolution a Contract. The provisions of this resolution shall constitute a contract between the County and the registered owners of the Notes, and after the issuance of the Notes, no change, variation or alteration of any kind in the provisions of this resolution shall be made in any manner until such time as the Notes and interest due thereon shall have been paid in full.

Section 11. Separability. If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

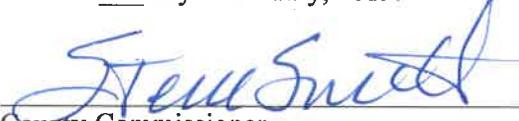

Section 12. Repeal of Conflicting Resolutions and Effective Date. All other resolutions and orders, or parts thereof, in conflict with the provisions of this resolution, are, to the extent of such conflict, hereby repealed and this resolution shall be in immediate effect from and after its adoption.

Section 13. Reimbursement. The County expects to reimburse itself from the proceeds of the Notes for certain expenditures made by it in connection with the Projects. This resolution shall be placed in the minutes of the Governing Body and shall be made available for inspection by the general public at the office of the Governing Body. This resolution constitutes a declaration of official intent under Treas. Reg. §1.150-2.

Section 14. Qualified Tax-Exempt Obligations. The Governing Body hereby delegates to the Mayor the authority to designate the Notes as "qualified tax-exempt obligations" within the meaning of Section 265 of the Internal Revenue Code of 1986, as amended, if and to the extent the Notes may be so designated.
