Williamson Recycles and Keep Williamson Beautiful invite Williamson County and Franklin Special Schools to participate in the...

2018 Recycled Project Contest

Elementary School Project – Recycled Art Project featuring any environmental theme!

Learn about School Recycling while you turn Recyclables into Art for the 2018 Recycled Project Contest. Use anything that can go into your **school's** recycling bin and turn it into an environmentally-themed project! Share the message that it is important to take care of our environment by ending litter, beautifying our community, reducing our waste, and recycling!

Below are some themed ideas to get your creativity flowing... **Just make sure any material you use can be recycled in your school's bin!** Diaramas, statues, costumes, collages and more are all accepted this year. We want to see your creativity as you take recycled items and turn them into new things!

Notice: You could dismantle these projects, toss the binding materials, and recycle every item in a school recycling bin!

Avoid ribbons, feathers, jewels or gems, beads, etc. when crafting your project. Stick to recyclable materials and approved binding materials, which are outlined below in “Contest Rules” on the next page.

School-wide judging: Please conduct a school-wide judging to select 3 winning projects to enter into the countywide contest for a total of three entries per school. Schools are encouraged to send photographs of all school entries to jenniferg@williamson-tn.org.

CONTEST RULES

The Williamson Recycles – Keep Williamson Beautiful -- Recycled Project Contest educates elementary students about school recycling in Williamson County.
