

# APPLICATION FOR GREENBELT ASSESSMENT

## Agricultural Land

The Agricultural, Forest and Open Space Land Act of 1976 (commonly referred to as the "Greenbelt Law") permits qualifying land to be assessed for property taxes at its current use value rather than at its fair market value which might be based on a more intensive use. **YOU MAY BE LIABLE FOR ROLLBACK TAXES** later if the land, or any portion, approved for greenbelt is converted to other uses or disqualified due to a sale or otherwise. Rollback taxes are based upon the amount of taxes saved during the last three (3) years the land was classified as agricultural land.

For land to qualify for the agricultural land classification, it must be at least fifteen (15) acres, including woodlands and wastelands, and either:

- (1) constitute a farm unit engaged in the production or growing of agricultural products; or
- (2) have been farmed by the owner or the owner's parent or spouse for at least twenty-five (25) years and be used as the residence of the owner and not used for any purpose inconsistent with an agricultural use.

The assessor may presume that property is used as agricultural land if it produces gross agricultural income averaging at least \$1,500 per year over any three (3) year period. However, the assessor will also consider other available evidence indicating how the property is actually used. The assessor may ask for information concerning property income, ownership, and other information needed to determine how the property is used and how it should be valued.

Applications must be filed by March 1 to be considered for the current tax year. Applications filed after March 1 will be processed for the following tax year.
