Elections are not possible without the work of poll officials who serve at numerous polling locations in Williamson County. Election workers are an important part of the electoral process and we need the help of concerned citizens, just like you, to conduct fair and honest elections. By raising your hand to become a poll official, you will be at the center of democracy during early voting and on Election Day while getting compensated for your work. Your service is essential in conducting the efficient administration of elections for our nation, state, county and local municipalities. Elections could not be held without your dedication and cooperation.

Poll Workers are appointed by the Election Commission not more than ninety (90) days prior to Election Day, and serve at the pleasure of the Election Commission. To assist the Election Commission in considering Poll Worker appointments, evaluations for each Poll Worker are completed after each election by the Officer of Elections at each polling place. Poll Workers who are not able to meet the standards for job performance, maintain non-partisan behavior, follow all election laws, or fulfill the duties properly and efficiently will not be appointed by the Election Commission in future elections.

I agree to these terms and conditions regarding my appointment as a Poll Official.
